Dang, thanks Nat! These may not be utilized for the org assessment piece that Phil and I were putting together (it was a bit higher level, more general) but I'm sure we could use these examples in the future, plus it looks like you have a great PARs prep! ☺

- Temporary duty – Gold King Mine Release – Liaison Officer to the Unified Incident and Area Commands. Duties included coordinating information and support with other Federal, State and Local entities affected by the State Declared disaster. Responsibilities primarily required me to facilitate the Technical Policy Meetings between EPA, The State's (CDPHE, HS&EM & P&W), Laplata County Commissioners, Health and Sheriff's Departments, and The City of Durango to successfully determine if/when the Animas River could be opened for recreational use again after the release and closure.

Hi All: I only want you to put a couple minutes toward thinking about this, but can you share with me any work/projects over the fiscal year that you felt were (big, medium or small) successes? Just a sentence or two.

Thanks!

David
